18-Jan-12 20:39 | not_out_97

@dmchugh675 that is true @dmchugh675 but surely over the next five years the balance will shift significantly #niedchat

18-Jan-12 20:43 | johnmayo

@dmurray742 Oh? Do tell. #niedchat

18-Jan-12 20:44 | dmchugh675

How ready are teachers to embrace change in their ICT? what would make the transition easier? #niedchat

18-Jan-12 20:44 | not_out_97

@dmchugh675 They don't give me advance notice, despite my protestations. #niedchat

18-Jan-12 20:44 | dmurray742

@not_out_97 I think KS3 Accreditation is helping massively #niedchat

18-Jan-12 20:44 | dmurray742

@not_out_97 Huge variation in teacher 'readiness' but loads of enthusiasm from many. #niedchat

18-Jan-12 20:46 | hezmar

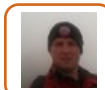

RT @hezmar: @not_out_97 Huge variation in teacher 'readiness' but loads of enthusiasm from many. #niedchat --- AGREE!

18-Jan-12 20:46 | dmurray742

@not_out_97 Anything that eases time pressures will ease transition. #niedchat

18-Jan-12 20:47 | hezmar

@hezmar huge variation to say the least. Would it be fair to say that the training model for LNI was less than successful? #niedchat

18-Jan-12 20:48 | dmchugh675

@dmchugh675 Flexibility may bring perceived burdens of responsibility re ownership and control? #niedchat

18-Jan-12 20:48 | not_out_97

@not_out_97 a bigger role for IT managers in schools then?? #niedchat

18-Jan-12 20:50 | dmchugh675

@stiofanoc I think banning their use is self-defeating and anti-technology. It just doesn't make sense to the digital natives. #niedchat

18-Jan-12 20:50 | dmurray742

RT @hezmar: @not_out_97 Anything that eases time pressures will ease transition. #niedchat

18-Jan-12 20:50 | stiofanoc

@dmurray742 ta :) ICT changes are challenging for our tiny school in that we just aren't properly resourced #niedchat

18-Jan-12 20:50 | Nic5Harrison

@dmchugh675 Yes - I didn't have any 'official' training so had to try things myself & then lead training for rest of staff. #niedchat

18-Jan-12 20:51 | hezmar

@amandasalt But we're (as in NI Teachers) a hell of a lot further on than we were 10 years ago? #niedchat

18-Jan-12 20:51 | dmurray742

@dmurray742 or alternatively make them put on boxing gloves at the door! #niedchat

18-Jan-12 20:51 | dmchugh675

"@dmurray742: @amandasalt But we're (as in NI Teachers) a hell of a lot further on than we were 10 years ago? #niedchat" >- Definitely!

18-Jan-12 20:52 | hezmar

@not_out_97 <http://t.co/2xXDYXBu> Just started tonight. 12 week course. Great PD model in my opinion. #edtechcc #niedchat

18-Jan-12 20:53 | dmchugh675

@amandasalt Has SIMS not streamlined a lot of stuff for your staff, i.e. attendance, reports, behaviour, achievements etc...? #niedchat

18-Jan-12 20:53 | dmurray742

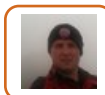

@dmchugh675 what is your preferred training model? #niedchat

18-Jan-12 20:54 | not_out_97

#niedchat - big challenge is meeting the needs of all - keeping spreading the word re TMBelfast

18-Jan-12 20:56 | medv2

@not_out_97 definitely not cascade. Need more people engaged hands on. Enthusiasts are sent on training and it gets no further. #niedchat

18-Jan-12 20:56 | dmchugh675

Frankly C2k has done my head in (sorry just my experience) #niedchat

18-Jan-12 20:56 | Nic5Harrison

@amandasalt #niedchat UICT Accreditation is a big driver even in PS's

18-Jan-12 20:56 | medv2

@dmchugh675 #niedchat for most teachers I think it's fear. Fear of losing control!!

18-Jan-12 20:57 | AnGaeilgeoir1

@dmurray742 I'll be blogging about it :) #niedchat

18-Jan-12 20:57 | dmchugh675

@amandasalt and yet it's a great learning tool and essential for the future #niedchat

18-Jan-12 20:57 | Nic5Harrison

@Nic5Harrison @dmurray742 Not properly resourced in what sense? human? computer? skills? #niedchat

18-Jan-12 20:57 | not_out_97

@amandasalt Are parents / students not complaining? #niedchat

18-Jan-12 20:57 | dmurray742

@Conmeist Evening. Watching the FA Cup replay no doubt! #niedchat

18-Jan-12 20:57 | dmchugh675

@medv2 that's right Donna - I know I feel more supported with you lot around #niedchat

18-Jan-12 20:58 | Nic5Harrison

@amandasalt Our VLE was accelerated as a direct result of past pupils grumbling that they weren't adequately prepared for uni. #niedchat

18-Jan-12 20:58 | dmurray742

"@Nic5Harrison: Frankly C2k has done my head in (sorry just my experience) #niedchat" <- Sympathise - not a good c2k week for me!!

18-Jan-12 20:58 | hezmar

@cillian_walsh Welcome along #niedchat

18-Jan-12 20:58 | dmurray742

@dmchugh675 @dmurray742 Just had a quick look - Looks great - struggling here!!! #niedchat

18-Jan-12 21:00 | stiofanoc

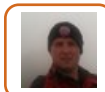

@not_out_97 PS No mention of Capita in recent announcement. Can we assume SIMS is staying for the foreseeable? #niedchat

18-Jan-12 21:02 | dmurray742

@dmchugh675 never used it before. Any good? #niedchat

18-Jan-12 21:03 | dmurray742

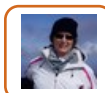

@medv2 @stiofanoc deep breaths...there is a summary to follow. You can always read through the stream later. #niedchat

18-Jan-12 21:03 | dmchugh675

@amandasalt The move away from laptops to mobile devices should speed things up... I think. #niedchat

18-Jan-12 21:04 | dmurray742

#niedchat I think many teachers feel overwhelmed by tech & think they need 2 B doing everything, I suggest starting small & evaluate benefit 2 T&L

18-Jan-12 21:04 | medv2

@amandasalt Could the laptops in the trolley be located in one room where a willing teacher would vacate to facilitate others? #niedchat

18-Jan-12 21:04 | stiofanoc

@amandasalt You mean laptops being wasted? Nah... they had their day. 3-year shelf life and then they slow down. #niedchat

18-Jan-12 21:05 | dmurray742

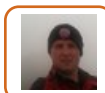

@not_out_97 In Estonia parents can log in and check what class student is in and latest marks. Takes pressure off teachers #niedchat

18-Jan-12 21:05 | AnGaeilgeoir1

@AnGaeilgeoir1 SIMS Discover!!!!!! It's phenomenal. Hope it's coming soon @not_out_97 #niedchat

18-Jan-12 21:05 | dmurray742

@dmurray742 nope...thought maybe @medv2 or @not_out_97 might know. #niedchat

18-Jan-12 21:06 | dmchugh675

@cillian_walsh We should talk. #niedchat

18-Jan-12 21:06 | dmurray742

Am I the only primary teacher? #niedchat

18-Jan-12 21:06 | Nic5Harrison

@dmurray742:@amandasalt The move away from laptops to mobile devices should speed things up.#niedchat"< & provide outdoor learning opps :-)

18-Jan-12 21:06 | hezmar

@dmurray742 Yes, we can - it's the proposed MIS solution... #niedchat

18-Jan-12 21:07 | not_out_97

Can I move conversation back to mobile devices? Why are we focusing on kit in classrooms when kids have powerful tech in pockets? #niedchat

18-Jan-12 21:07 | dmurray742

RT @medv2: @dmurray742 agreed, its abt getting classroom experience 2 utilise the tech that they R comfortable 2 engage w/? #niedchat

18-Jan-12 21:09 | medv2

@hezmar I'm in a small school so very few computers available #niedchat

18-Jan-12 21:09 | Nic5Harrison

@dmchugh675 @dmurray742 @medv2 Portal will be personalised "way in" to pretty much everything - from MIS to Apps; datastore to VLE #niedchat

18-Jan-12 21:10 | not_out_97

#niedchat I don't think the majority do have the hardware..

18-Jan-12 21:10 | Conneist

@amandasalt That's were we need to be investing money! Better wifi - more bandwith. Let the kids bring the tech to the room. #niedchat

18-Jan-12 21:11 | dmurray742

@AnGaeilgeoir1 but what about those that don't? How do we ensure a level playing filed? #niedchat

18-Jan-12 21:11 | dmchugh675

@not_out_97 Wow! I want it now!!!! #niedchat

18-Jan-12 21:11 | dmurray742

Quite jealous and in awe of you tech folk #niedchat

18-Jan-12 21:11 | Nic5Harrison

@amandasalt #niedchat smartphones or ipads/tablets in PS's - any thoughts?

18-Jan-12 21:11 | medv2

RT @Conneist: #niedchat I don't think the majority do have the hardware..

18-Jan-12 21:12 | dmchugh675

@dmchugh675 But that argument will get us nowhere. It was used by people who said kids couldn't use computers at home #niedchat

18-Jan-12 21:12 | dmurray742

Have the #niedchat folk seen <http://t.co/kZ7N1MNq> ?

18-Jan-12 21:12 | flixelpix

RT @Nic5Harrison: Quite jealous and in awe of you tech folk #niedchat > Why??? your blog is brille lots going on in Yr3/4

18-Jan-12 21:12 | medv2

@Nic5Harrison I've opposite problem - big school but never enough computers either & lots to staff to 'inspire' (or try to!) #niedchat

18-Jan-12 21:12 | hezmar

@dmchugh675 If kids/parents are serious about education - they'll get access. #aminaive #niedchat

18-Jan-12 21:12 | dmurray742

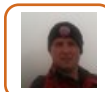

The ensuing panic and mayhem allows teachers to sidestep the rationale for using ICT in lessons #niedchat

18-Jan-12 21:14 | dmurray742

@dmurray742 - what was missing? (bearing in mind it was 10 years ago) #niedchat

18-Jan-12 21:15 | medv2

@dmurray742 in areas of disadvantage with all the will in the world the money is not there. #niedchat

18-Jan-12 21:15 | dmchugh675

@dmurray742 #niedchat is the problem not the fact fact that many prents and kids are clearly not serious about education?

18-Jan-12 21:15 | Conneist

@not_out_97 Hurray! I'm really hopeful about this new contract. A great chance to get it right this time. #niedchat

18-Jan-12 21:15 | dmurray742

@dmurray742 @dmchugh675 Those who don't (yet) schools can try to make resources available #niedchat

18-Jan-12 21:16 | stiofanoc

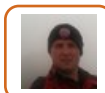

@dmchugh675 Have yet to meet a child in Year 8 who doesn't have a smartphone, or a Facebook account. #niedchat

18-Jan-12 21:17 | dmurray742

"@dmurray742: @not_out_97 Hurray! I'm really hopeful about this new contract. #niedchat" <- Me too, what's the poss timescale?

18-Jan-12 21:17 | hezmar

@stiofanoc so extra money for schools where kids cannot access tech from home? I'd like that..can't see it though. #niedchat

18-Jan-12 21:18 | dmchugh675

@dmurray742 Much has been learned from the past & much of past 10yrs was necessary to get everyone up to a level... #niedchat

18-Jan-12 21:18 | not_out_97

@amandasalt I'll have to! This is driving me sane!! And there you all were thinking it was stupidity alone!! #niedchat

18-Jan-12 21:18 | stiofanoc

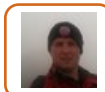

Hello all. #whathaveimissed #niedchat

18-Jan-12 21:18 | MrMalcontent

@dmchugh675 BECTA had a hugely successful Home Access scheme for Eng & Wales kids. Installed broadband in homes. Tories killed it #niedchat

18-Jan-12 21:18 | dmurray742

@dmurray742 be glad you don't have our issues then! #niedchat

18-Jan-12 21:18 | dmchugh675

@MrMalcontent Great discussion tonight - welcome along. #niedchat

18-Jan-12 21:19 | dmurray742

@not_out_97 Absolutely! And I totally agree - C2k has done miracles getting us all to where we are. #niedchat

18-Jan-12 21:20 | dmurray742

@johnmayo A disgrace. #niedchat

18-Jan-12 21:20 | dmurray742

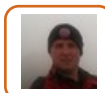

So, what this about quintiles
and bands I hear you say...
Looks like an interesting discussin #Niedchat

18-Jan-12 21:20 | MrMalcontent

@medv2 thank you - got a long way to go, I'm just taking baby steps #niedchat

18-Jan-12 21:20 | Nic5Harrison

@dmurray742 Your not a bit arrogant Daithi! Some areas do have special need. I worry about the "Bring your own" idea #niedchat

18-Jan-12 21:21 | dmchugh675

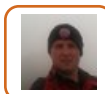

"@MrMalcontent: So, what this about quintiles
and bands I hear you say...
Looks like an interesting discussin #Niedchat" <- How'd it go?

18-Jan-12 21:22 | hezmar

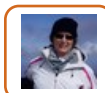

@dmchugh675 What's your worry? Competition over the best device? Theft? Equality of access? #niedchat

18-Jan-12 21:22 | dmurray742

@AnGaeilgeoir1 Yes...but where is the money coming from? #niedchat

18-Jan-12 21:22 | dmchugh675

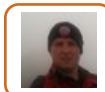

RT @dmurray742: Absolutely! And I totally agree - C2k has done miracles getting us all to where we are.
#niedchat > Twt of the week? :)

18-Jan-12 21:22 | medv2

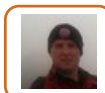

@medv2 Ha! now - but shush.... #niedchat

18-Jan-12 21:23 | dmurray742

@dmurray742 Access. #niedchat

18-Jan-12 21:23 | dmchugh675

@medv2 Oi! No canvassing for Tweet of the Week! All you know is that it won't be me!! #niedchat

18-Jan-12 21:24 | dmchugh675

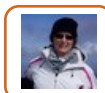

@dmchugh675 An iPhone / iPad / Android / Whatever is already more powerful than the C2k laptop in the corner
#niedchat

18-Jan-12 21:24 | dmurray742

One worry is will there be too much change from what we know in a short period of time? Staff reluctance to change... #incas #Niedchat

18-Jan-12 21:24 | MrMalcontent

#niedchat - personal devices, breakdowns, theft, flat batteries - will u all have a plan B so teach is not disrupted?
'#kidswillbekids

18-Jan-12 21:24 | medv2

@MrMalcontent who was it that said that change in education is "glacial"? #niedchat

18-Jan-12 21:26 | dmchugh675

@dmchugh675 I'd like to see a new login screen on C2k computers. And a new colour scheme. And goodbye to Windows XP. That is all #niedchat

18-Jan-12 21:27 | dmurray742
